D210E Mobile Terminal

Mobile EFTPOS provides a fast and easy payment experience for your customers. Smartpay's terminal is flexible with a sleek and lightweight design. The D210E packs plenty of features and is loaded with options making it a perfect fit no matter how you do business. The D210E can be integrated with your Point of Sale or operate as a standalone terminal.

The large colour touch screen makes it easy for your customers to pay.
